

Combined Register of Interests

1. Regulatory Requirement

The Academy Trust Handbook sets out a number of requirements related to how multi academy trusts should manage their conflicts of interest. One of these is to develop and publish a formal register of interest.

Academy Trust Handbook

Available at: www.gov.uk/guidance/academy-trust-handbook

(5.36) Academy trusts must be even-handed in their relationships with related parties by ensuring that:

- all members, trustees, local governors of academies and senior employees complete the register of interests, in accordance with sections 5.45 to 5.48 of this handbook

(5.45) The academy trust's register of interests must capture relevant business and pecuniary interests of members, trustees, local governors and senior employees, including:

- directorships, partnerships and employments with businesses
- trusteeships and governorships at other educational institutions and charities
- for each interest: the name and nature of the business, the nature of the interest and the date the interest began

(5.46) The register must identify relevant material interests from close family relationships between the academy trust's members, trustees or local governors. It must also identify relevant material interests arising from close family relationships between those individuals and employees. 'Close family relationships' is defined in section 5.49 (third bullet).

(5.47) Trusts should consider whether other interests should be registered, and if in doubt should do so. Boards of trustees must keep their register of interests up-to-date at all times.

(5.48) Trusts must publish on their websites relevant business and pecuniary interests of members, trustees, local governors and accounting officers. Trusts have discretion over the publication of interests of other individuals named on the register
