

**NAME:** Rajani Nair  
**SCHOOL:** Nonsuch Highschool for Girls  
**ROLE:** Head of Physics  
**STARTED:** September 2018

### **WHAT LED YOU TO NONSUCH?**

“It was my 8th year of teaching in the UK, and I was looking for a place closer to my house. I was already aware that Nonsuch has long been a prestigious school that is a dream destination for parents, students and teachers equally. Each time I drive past Nonsuch I used to think – “When am I going to teach here”? So, when I got invited to attend the interview for the post of Physics teacher, I knew that that was my opportunity and I grabbed it..”

### **WHAT DO YOU LOVE ABOUT YOUR ROLE?**

“My students and my team – I love the students here. The job satisfaction I am getting is beyond words. I have never felt so motivated and empowered to teach. Very minimum behaviour challenges. My team is so professional, supportive, refreshing and playing off of each other’ strengths.”

### **HOW HAS YOUR TIME AT NONSUCH HELPED YOUR PERSONAL AND PROFESSIONAL DEVELOPMENT?**

“I joined Nonsuch as a teacher in 2018 and in less than a year I became the HOD. I am grateful to the SLT for trusting me and providing me the right and relevant tools to develop personally and professionally. These 5 years has increased my self-awareness, made me more confident and given me an enhanced motivation and drive. Joining Nonsuch is the best decision I have ever made.”
